Introduction

Thank you for purchasing this quality product. **To minimise the risk of injury we urge that our clients take some basic safety precautions when using this device. Please read the operation instructions carefully and make sure you have understood its content.**

Keep these operation instructions safe.

Usage

The SK-22B is suitable as a replacement part for many common compressors, such as those used in workshops for mobile compressors. The switch-on and switch-off pressure can be continuously adjusted. You can also use the SK-22B to switch three phases, i.e., phase and neutral at the same time.

Technical data

Voltage (single-phase) (V)	380
Permissible voltage fluctuation (%)	±10
Max. current (A)	16
Phases	3
Max. operating pressure (bar)	13
Pressure setting range (bar)	3–12 (continuously adjustable)
Starting pressure setting range (bar)	5.5–8 (continuously adjustable)
Connections (mm)	20.67 (1/2")
Operation temperature (°C)	0–55
Material	Plastic/Metal
Colour	Black
Protection class	IP20

Setting

1. Loosen the differential pressure nut **(2)**.
2. Set the switch-on pressure **(1)**.
3. Screw in the differential pressure nut **(2)** up to the switch-off pressure.

Dimensions and parts

Switch-on pressure (1)

Differential pressure (2)

Disposal regulations

EU guidelines regarding the disposal of scrap electric appliances (WEEE, 2012/19/EU) were implemented in the law related to electrical and electronic equipment and appliances.

All WiTec electric devices that fall under the WEEE regulations are labelled with the crossed-out wheeled waste bin logo. This logo indicates that this electric equipment must not be disposed with the domestic waste.

The company WiTec Technik GmbH has been registered in the German registry EAR under the WEEE-registration number DE45283704.

Disposal of used electrical and electronic appliances (intended for use in the countries of the European Union and other European countries with a separate collection system for these appliances).

The logo on the article or on its packaging points out that this article must not be treated as normal household waste but must be disposed to a recycling collection point for electronic and electrical waste equipment. By contributing to the correct disposal of this article you protect the environment and the health of your fellow men. Environment and health are threatened by inappropriate disposal.

Material recycling helps reduce the consumption of raw materials.

Additional information on recycling this article can be provided by your local community, municipal waste disposal facilities, or the store where you purchased the article.
