Introduction

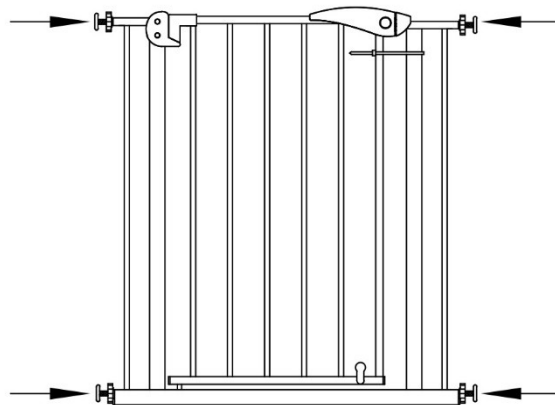

Thank you for purchasing this quality product. In order to minimize the risk of injury, we ask you to always take some basic safety precautions when using this device. Please read this manual carefully and make sure you understand them.

Assembly

Parts list

Safety Precautions: Do not cut the nylon cable ties before assembly is complete. Installation instructions without extension part. Step 1: Insert 4-point clamping fixture (door post)

Step 2: Insert the rotary knob and make sure that the distance with the Wall is appropriate. Then clamp the terminals with the rubber pad tighten. The stronger you turn, the more stable the protective grid becomes.

Please note: (First secure the bases of the protective grille)

Step 3: Cut the bandage. To press The knob and pull it to the left. You're welcome
Note: Do not press to the right, otherwise the lock will fall.
